Subsection I. EEO/Accessibility of Facilities/Participant Complaint or Grievance

**EQUAL EMPLOYMENT OPPORTUNITY OFFICER AND ASSISTANTS/
ACCESSIBILITY OF OZARK ACTION FACILITIES/PARTICIPANT COMPLAINT
OR GRIEVANCES:**

Equal Employment Opportunity Officer is Sheryl Roberts, who also serves in the capacity of Corporate Services Director. EEO Assistants are, Ruthie Lee, Support Services & Safety Assistant, Kelsey Tooley; Fiscal & Support Services Assistant, **Jennifer Wake**; **Safety and Support Services**; Karlene Carson Head Start Staff Development Coordinator and Cindy Cowens, Workforce Development Case Manager. 3/27/2012; 5/17/2016; 5/23/2017; 5/22/2018; 5/28/2019

In the event that Sheryl Roberts is not available, one of the Assistants should be contacted for EEO concerns. For staff who report to Sheryl Roberts who encounter EEO concerns, they should address these, first, through Cindy Cowens, or secondly, through the Executive Director.

OAI's Equal Employment Opportunity and Affirmative Action Plan prohibits any form of discrimination because of sex, race, religion, color, national origin, disability, political affiliation, age or beliefs. Harassment concerns (sexual or otherwise) related to this EEO statement, whether real or perceived (and whether concerning co-workers, supervisors and/or participants of OAI) are EEO-related and shall be dealt with through the EEO Officer.

All employee grievances that are not EEO-related are to be addressed through the OAI grievance procedure outlined in Personnel Policy.

OAI employees are cautioned that the management of OAI is to avoid any semblance of discrimination or harassment and will exercise full and strict disciplinary action, up to and including termination.

The romantic involvement policy extends to participants and others who do business with OAI who might be able to claim a liability against OAI if other than a professional conduct relationship occurs that might influence their ability to gain or retain services.

It is the responsibility of management to guard against legal liability of OAI as it regards to EEO issues. It is the position of the Executive Director that any documented behavior by any employee that might jeopardize the programs or financial resources of OAI will not be tolerated and that inappropriate actions will be dealt with using the highest level of disciplinary action that can be brought to bear on each specific infringement of professional conduct.

ACCESSIBILITY OF OZARK ACTION FACILITIES: To insure compliance with the Title II of the Americans with Disabilities Act and Section 504 of the Rehabilitation Act of 1973, as amended, Ozark Action, Inc. will make accommodation for any individual that, because of illness or disability, is unable to make application for services at an OAI facility. This will be accomplished by setting an appointment either at the applicant's home or other mutually agreed upon place of convenience. The application process will include intake and any subsequent assessment needed for the purpose of determining eligibility for participation in any and all OAI programs. **(Moved from Miscellaneous Section #13 of Administrative Directives to this location) (07/01/06; Reviewed Annually)**

Subsection II: HIRING OF PERSONNEL/AGENCY VOLUNTEERS

AGENCY PERSONNEL: Recruitment and Selection of Personnel (Section II of OAI Personnel Policies) shall be followed, together with Equal Employment Opportunity/Affirmative Action Policies and plans. Head Start must follow Head Start performance standards with OAI policy supplemental to it.

- A. When position descriptions are combined to redefine duties for the purposes of downsizing or due to a vacancy, appropriate staff will give consideration to current departmental staff that are suitable to perform the duties of the position to fill the vacancy or move staff around within the department based on the need of qualified staff and funding availability.
- B. A Personnel Requisition Form must be received in the Corporate Services office, which must be completed and signed by appropriate supervisory personnel, the Program Director and the Executive Director prior to the posting of a position. A current job description, if different from vacated position for any new position must accompany this form.

Following are the steps to follow for the Personnel Requisition Form:

1. Personnel Requisition form must be completed and signed by appropriate supervisory staff, the Program Director, the Executive Director and then forwarded to the Corporate Services office for posting. The requisition should have all the applicable information concerning the position that will be posted.
2. The Corporate Services office will then post the position as per the requisition form. The position requirements and the closing date must all be included.
 - a. Internal only posting—this would be just current employees only. This should be posted for a minimum of three days except for Head Start, which requires five days.
 - b. Internal and External—this would be for all applications and current employees up to the closing date and time. This should be posted for a minimum of three days except for Head Start, which requires five days.
3. Once the position has closed. The Corporate Services office will pull and copy the applications for the appropriate supervisor to screen. The screening process will include the review of all applications pulled for the position. The applicant must meet the requirements for education and experience as specified in the position description and the position posting.
4. Once the applications have been properly screened and applicants selected for interview. Interviews will be set. It is recommended to interview more than one applicant and have more than the interviewer and the interviewee involved in the process.

Subsection II: Continued.

5. Prior to the interview, a standard set of questions tailored to the position will be developed. These questions will be covered, documented in writing for all interviews conducted and provided to the Corporate Services office for retention for a period of one year. Interviews will be conducted by the immediate supervisor and may involve others if required by funding sources or if desired by the Department Director. Interview questions pertinent to the knowledge, skills and abilities required in the position will be designed by the interviewing staff (and reviewed by the Executive Director in advance of scheduled interviews). The following baseline questions will be covered in all interviews:
 - What makes you interested in going to work for an agency like Ozark Action?

 - What does the concept "client confidentiality" mean to you?
 - Give me an example of some previous experience you have had in working with a person or family who had significant economic or personal barriers to independence and self-sufficiency. What was the result of your effort?
6. Once the interviews are completed, again ensure that the applicant is fully qualified as per the position description. The selection committee should then discuss the interviewees and make their selection of whom would be most suitable for the position as a 1st, 2nd, and 3rd choice. At this point the packet should be forwarded to the Corporate Services office or for Head Start the person selected to do reference checks.
7. Reference checks must be completed on final candidates by the corporate services office. For Head Start staff candidates, the Staff Development Coordinator may check references in the absence of the corporate services office. If desired, the immediate supervisor or program director may be present during contacts for reference checks.
8. Once the appropriate staff has completed the reference checks, the immediate supervisor or program director should review the reference checks and take into consideration all information provided concerning the applicant.
9. The immediate supervisor or program director must then make a request to hire based on the applicant's qualifications and reference checks. The appropriate staff will forward this request and all applicable information to the next line of supervision, which will then forward this information to the Executive Director. Consultation with the Executive Director must occur before making an offer above the minimum in the advertised position job classification range. The Executive Director must approve all hiring in advance of an offer. Once all signatures have been documented, the request will be given to the Corporate Services department.

Once all verifications have been received, supervisor/director will be notified of a pass/fail outcome. If applicant passes screening, applicant will be contacted, and new hire process will begin. If applicant fails screening or questions arose during screening, supervisor/directors will be notified, documentation reviewed, decision made about applicant position (initial offer could be rescinded or changed), applicant will be contacted at this point, if the offer is accepted, a start date and orientation date will be made for the new employee. NOTE: Not all funding sources require an extensive background screening.

11. Applications (internal and external) filed after the closing date of posting may be considered if necessary to obtain the best candidates for a position, however, OAI is not obligated to consider any application after the date of closing.

Subsection VII. INCLEMENT WEATHER

Ozark Action, Inc. is concerned about the safety of its employees, coupled with a concern that those who seek help are able to receive it during in climate weather. The following internal directives will apply during in climate weather days:

- A. Use of “liberal annual leave” will be in effect in all locations if and when employees feel a risk to their safety in traveling to and from work.
 - Employees are expected to call their supervisor or the Central Office prior to their reporting time, as per policy.
 - Head Start will follow established practice in reporting as per school closings in their area, with Central Staff to follow Central Office reporting requirements.
 - Outreach Office staff will use their judgment in opening their office (s) based on local weather conditions and will notify the Central Office Outreach Department. In this instance, with the approval of their program director, employees may work at the nearest outreach office in lieu of using annual leave.
- B. If travel in West Plains is impossible, the Executive Director will provide local radio announcement of complete closing on KWPM-FM and KDY West Plains radio stations, starting at 6:30 a.m. Employees are expected to be aware of this method of contact and be attuned to its use.
- C. Management of each Department is expected to have a standard procedure for telephone notification to Department employees in case of emergency or in climate weather. Employees are required to provide their supervisors with an up-to-date telephone contact number at home.
- D. An up-to-date home phone number is required to be provided to Corporate Services staff, as well.

Employees are expected to consider client/participant emergency needs as they make their decisions about reporting. Generally, in climate weather breeds emergencies that impact those who are ill and who have little or no resources for those emergencies. Employees need to ensure, when possible for appointments that are scheduled, that the client has provided a good telephone or message number in case the need to contact them arises. If it does not endanger employee safety, employees need to keep this in mind in their decisions about reporting to work.

Subsection VII. Continued.

Process for leave during in climate weather:

1. If building or facility closes early, staff will be given the option of staying until close of business or taking annual leave for the remainder of day. (This means that a supervisor would also have to remain to close-up building or facility); or
2. If the building or facility does not open at all—this will be annual leave or leave without pay.
3. If the building or facility is open and the employee does not work that day—this will be annual leave or leave without pay.
4. If the building or facility is open and then closed within the first 6 hours of business—staff will take annual leave or leave without pay for the remainder of the day.
5. If the building or facility is open and then closed within the last 2 (4 hours for 10-hour staff) of business (regular business is 8:00-4:30)—staff will be paid for the remainder of the day. If the employee leaves prior to the announcement of closing, they will be required to take annual or leave without pay.
6. If in all other instances that an employee arrives at the facility and determines in their opinion that for their safety in returning home they need to leave, this will be considered annual leave or leave without pay for the remainder of the day.
7. This would not apply if an employee is on scheduled leave for the day, that leave will not be reduced because the office closed 2 hours early, they will still need to utilize the total work day for leave requested.

Each Department is to maintain a standard procedure to route telephone calls from the Receptionist to the Department/Department staff.

DEPARTMENT COVERAGE:

In general, each Department shall arrange that at least one person is available to answer customer inquiries during lunch and break times. Exceptions are for special festivities and in small Departments where coverage during all work hours is not practical.

Smoking/Vaping

Smoking and Vaping are not allowed inside any agency department or facility; in the path of entry to a department or facility (central office; building 2; head start centers; outreach offices; warehouse and any other agency facilities) or inside any agency or program owned vehicles (vans, buses, trucks or trailers). Non-staff members should be informed of the policy if necessary. Staff members not complying with this policy will be subject to disciplinary action. OAI Board 5/28/2019; PC 9/2019.

BUILDING SECURITY:

The lobby entrance will be unlocked at 7:45 a.m. and locked at 4:45 p.m. unless a staff person is present before/beyond these times.

Subsection XIV. Continued.

CREDIT CARD CHARGE PROCEDURES:

Non-specific credit card procedures: All purchases made for or on behalf of Ozark Action, Inc. require that the agency Procurement Policy be followed. There are some businesses or organizations that require a credit card from that particular business or organization in order to charge purchases. Each Department has a department credit card with a limit of \$1,000 and is to be used with the Department Directors permission. The Agency Procurement Policy is still to be followed when utilizing the department card for transactions. If purchase over \$1,000 are made the Department Director will notify the Executive Director in advance of the purchase and will work with the Corporate Services Director to make the necessary purchases. The agency does have specific vendor cards assigned to Departments or programs and the Corporate Services Department. (examples, Casey's Gas Card, MFA Gas Card, Wal-Mart Vendor Card)

In these instances, the Corporate Services Director will then complete the necessary paperwork to open an account on behalf of the agency. Once approved and cards are issued, the Corporate Services Director will initiate a check out system for those credit cards. This check out system will include the number of the card and the name of the employee to whom it is checked out. The employee will sign that they understand this card is for purchases that qualify under the OAI Procurement Policies and may only use the card for said purchases with an approved purchase order.

In those instances, a purchase order must be completed first with all the required supervisor approvals in place prior to the purchase. The CSD will review the purchase order and put a number on the order. The approved, numbered purchase order will then be returned to the department for purchase. When the items are purchased and charged at the vendor, the assigned credit card will be presented and the employee will sign the charge ticket. The charge ticket will then be forwarded to the Corporate Services Department and checked for accuracy.

The CSD will match the charge ticket with the purchase order. This charge ticket serves as the invoice. The CSD will then verify the items and amounts comparing the original purchase order and the charge ticket to ensure that items match. The charge ticket, purchase order, any other relevant information concerning the order will then be stapled together and the CSD will circle the total amount due, initial and date both the charge ticket and the purchase order and forward to the accounting department for payment to the vendor.

If the charge is more than the original purchase request, the CSD requires that the purchase be re-initialed by the program director or supervisor. The accounting department is responsible for ensuring that the required initial is on the submitted purchase order prior to the disbursement of the payment to the vendor. On occasion due to time restraints placed on these accounts, the re-initialing of the higher amount may occur after the disbursement of payment to the vendor.

The CSD reserves the right to note any inaccuracies or discrepancies in items requested or purchased and also to revoke an issued charge card at anytime.

Subsection XIV. Continued.

Program Specific Credit Card Charge Procedures—Any credit card used for one program specific charges must be approved by the OAI board before the process can be put into place for making purchases. Once the board has approved the credit card application, the program director, corporate services director, finance director and executive director will work together to make sure internal controls are put into place to safe guard the usage of the credit card by the agency staff.

Energy Crisis Intervention Program (ECIP): All purchases made for on behalf of the ECIP customers of Ozark Action, Inc. require that the ECIP application and eligibility guidelines be followed before a pledge and payment can be made for the heating/cooling costs. The approved Management Information System paperwork must be submitted to the program director for approval and payment. The CSBG Director, designated assistant, and the Fiscal Director will be the only approved staff with the ability to call the vendor and make a credit card payment over the phone. A reference number will be written on the ECIP application and set aside until the bill arrives from the credit card company. The CSBG Director or Fiscal Director will review the credit card statement when received and match the approved applications to the current bill. The credit card statement/bill will be presented to the fiscal technician for review, data entry and payment. The fiscal technician will check to make sure the applications match the credit card statement as the information is entered into the accounts payable system before the check is cut. The check will be sent with the payment slip. The check stub will be placed with a copy of the check and the ECIP applications paid in the vendor files.

However, if meals are to be included in the cost of seminar or training registrations, a copy of the registration form explaining what meals are provided must be attached to the appropriate travel voucher (Single Day Travel Reimbursement Form or Over-night Travel Form). Credit for meals will be given at the following rates: Breakfast ~~\$8.50~~ **\$13.00** (~~\$10.00~~ **\$16.00**); lunch ~~\$8.50~~ **\$14.00** (~~\$12.00~~ **\$17.00**); and dinner ~~\$19.00~~ **\$23.00** (~~\$24.00~~ **\$28.00**). 4. **Transportation Costs** - Receipts are required for commercial fare, taxicab fare, auto rentals, parking, etc. Transportation costs that are not work related, i.e., shopping, travel to restaurant, etc. are not reimbursable. (Tips for luggage handling where you don't have a choice; metro expenses, etc.)
5. **Mileage Reimbursement** - When an employee is required to use their own automobile, in-area and out-of-area mileage will be reimbursed at ~~\$.40~~ **\$0.45** cents per mile. If meals are provided within the Conference/Meeting costs to OAI for social events, these will be considered in the per diem allowance for the trip. If employees have prior agreement with their Department head/supervisor to attend part of the meeting because of other work assignments, this is acceptable. If employees leave prior to the closure of the meeting/conference, this should be based on prior consultation with the Department head/supervisor and work time must to be recorded accurately on the time sheet and on travel forms.

Subsection XV. TRAVEL PROCEDURES/REIMBURSEMENT, continued

When employees owe money to the agency due to an overnight travel or cancellation of training when an advance was provided to the employee, the employee has two weeks from the date of return or date of cancellation to refund the agency. If the employee has not refunded the agency within this timeframe, the employee, department director, and executive director will be notified by email and the amount due to the agency will be deducted from the employee's next payroll check.

Despite the prohibitions in this section, the Center Manager or Designee may grant permission for a parent, guardian or custodian of a child to be on OAI property for the limited purpose of attending meetings with staff or in other situations where the child may benefit. Permission will be granted sparingly, if ever, and only in situations where the parent, guardian or custodian will be supervised at all times or will not be alone with a child. The Center Manager or Designee will inform staff members of the scope of the permission granted.

If a visitor prohibited from OAI property or events under this policy is on OAI property, staff will contact law enforcement and/or escort the person from OAI grounds and inform the person of the OAI policy prohibiting his or her presence. A visitor denied access to OAI property may communicate with the Center Manager or Designee in writing but will not be allowed back onto OAI property unless allowed by the Center Manager or Designee.
